

Training Program on Technology for Impactful CSR Project Management

12-13 April 2018, New Delhi: Many organizations are investing in technology to improve their organization to rapidly achieve scale, targeted assistance/ interventions, increase efficiency, better resource management and also reduce project costs, and improve data quality (in economic terms: better technology would be "welfare-improving").

FICCI Aditya Birla CSR Centre for Excellence organized two days training program on “Technology for Impactful CSR Project Management on **12 and 13, April 2018** at FICCI, Federation House, New Delhi.

The two days training program focused on different ways to collect high-quality data, orientation with digital platforms, importance and usage of digital tools for collecting high quality data, existing field challenges-manual workflows and its optimal solutions, best standard practices for field/office data management, considerations while working with the sensitive data, tips on cleaning and reviewing the data in popular software like Excel etc. for impactful CSR project management.

The training was attended by over 20 professionals from **Vedanta, Nuvoco, Hindustan Petroleum (HPCL), Apollo Tyres, SRF, Dabur** etc.
