

## 5 Day Training Program on T4D: Tools to pick in current COVID scenario

FICCI Aditya Birla CSR Centre For Excellence organized a 5-day training program on digital data collection. The training was conducted from 30<sup>th</sup> June 2020 - 4<sup>th</sup> July 2020.

The online training program provided in-depth knowledge and training on building your own digital data collection systems to collect real-time and high-quality data. The training curriculum is designed for non-IT background professionals working in the social sector. The below topics were covered-

- Transforming paper-based survey forms into digital copies (ODK/SurveyCTO).
- Designing and testing complex survey forms, learning randomization, and setting up automatic workflows for preloading data.
- Adding quality and data monitoring checks, integrating digital forms with external tools, and visualizing incoming data in real-time.
- Building your own computer-assisted telephone interviews (CATI) and field tracking systems for collecting data offline/online through phone/web.
- Learning best practices for collecting high-quality, secure data – both online and offline.

Representatives from Jindal Steel & Power, HDFC, UltraTech Cement, ChildFund India, Self-Reliant Initiatives through Joint Action (SRIJAN), Humana People to People India (Humana), Centre for Catalyzing change (C3), etc. attended the training program.
